Litigation can be time consuming, expensive and, sometimes, uneconomical. You need the services of an established legal practice with a strong litigation team.

We will give you an objective opinion on your legal query from the beginning. We see no benefit to a client in allowing the case to go to trial without a full understanding of the risks and an indication of the likely outcome. In our experience, many people are afraid of going to court. People may worry about the risk of losing, the possibility of publicity or the prospect of having to give evidence. At Lynch Solicitors, we will guide you through the court experience of litigation and prepare you for all aspects of your case.

It is important to note that the vast majority of cases are settled amicably before they get to court. We will advise you fully on the settlement process and will always strive to spare you the trauma of going to court while ensuring that your compensation or damages are maximized.

Our Principal, John M. Lynch, is our litigation specialist.
