

OUR PROPERTY SERVICES

Lynch Solicitors have a long tradition of representing private and commercial clients in property transactions, the length and breadth of the country.

In recent years we have been involved in emerging and innovative areas, which came to the fore during the times of the roving Celtic Tiger.

During these changing times we offer advice on a wide range of relevant services including:

- Buying or Selling
- Mortgage or Borrowings
- Renting or Leasing
- Preparation or Review of Co-ownership agreement
- Title Document audit
- Registration and protection of easements
- Commercial & Housing Developments
- Local Government/NRA transactions.

We act for a number of local developers who have undertaken major commercial developments, particularly under the Urban Renewal Scheme and also apartment block and mixed developments.

We were one of the first firms to implement the privatization of developments in both commercial and residential block developments.

Our wide experience can assist both from a developer's perspective and also from the perspective of the clients' purchasing into such a development.
